8. **Street Lights Maintenance:** Warwickshire County Council contract to be renewed at £2.34 plus VAT per lantern for SOX/MBF/LED lanterns;£12.00 plus VAT per lantern for Non-SOX/MBF/LED lanterns. (3% increase)
9. **Defibrillator training and responsibility:** Request received from parishioner.

This would be a good time to have some more information and publicity about village defibrillators. Emergency response is sometimes delayed so local use of a defibrillator could well be a lifesaver for one of our villagers. It is while since we have had a professional demonstration and instruction of their use and how to access them. It would be very useful to organise a First Responder session in the Community Centre. A pullout page in the village newsletter would also be invaluable to give people immediate help in the event of an emergency. This should detail the locations of the defibrillators and how to gain 24/7 access help with instructions on the use of the defibrillator.
